VERGÉS

Vergés chairs and furniture are the result of a combination of experience, vocation, quality and design. A family company born in Tortellà, a town in Alta Garrotxa, Vergés has been carrying out its business in the same location for more than 50 years. Such continuance provides insight into the company's philosophy, personality and way of working.

Las sillas y muebles de Vergés son el resultado de la conjunción de experiencia, vocación, calidad y diseño. La empresa familiar nacida en Tortellà, una localidad de la Alta Garrotxa, sigue desarrollando su actividad en el mismo lugar desde su fundación hace más de cincuenta años. Una permanencia que ayuda a entender la filosofía de la empresa, su forma de ser y su manera de trabajar.

The Vergés company is located in La Garrotxa in the province of Girona, a unique rural region halfway between the Mediterranean and the Pyrenees. Its volcanic orography has conditioned the landscape and vegetation, endowing it with spectacular beech tree forests. At any time of year, La Garrotxa is a burst of colours and nuances which contribute to a visual landscape that leaves a deep mark on the region's people.

The small workshop, founded in 1970 for the production of artisanal wicker chairs, as was the tradition in the region, evolved over the years to adapt to an increasingly demanding market. This evolution has required the use of the latest technology and the optimization of resources to turn the original workshop into a modern and dynamic factory. The current driving forces behind this new era for the company are Esteve and Joan, the founders' children, who always remain faithful to its roots, vocation, tradition and attention to detail. These principles are reflected in its current collections, where a dialogue is established between artisanship and modernity, and innovation goes hand in hand with quality materials, design and good finishes.

Today, Vergés products, which are developed by renowned design personalities, represent a benchmark for architects and interior designers in search of contemporary and high-quality chair and furniture collections for hotels, restaurants and public spaces.

Additionally, as interior design and design enthusiasts, Vergés understands that each project is a world in itself. As a result, it can adapt to the needs of any client, offering customized finishes for any model from the catalogue, high-quality fabrics and a wide range of materials and colours.

La empresa Vergés está situada en la Garrotxa, en la provincia de Girona, a medio camino entre el Mediterráneo y los Pirineos, un territorio rural único. Posee una orografía de origen volcánico que ha condicionado el paisaje y la vegetación, con espectaculares bosques de hayas. En cualquier estación del año, la Garrotxa es un estallido de colores y matices que configuran un paisaje visual y marcan profundamente a la gente de la comarca.

Aquel pequeño taller, fundado en 1970, para fabricar sillas artesanales de boga, algo muy ligado al territorio, fue evolucionando a lo largo de los años para adaptarse a un mercado cada vez más exigente. Esta evolución ha requerido emplear las últimas tecnologías y optimizar los recursos para convertir el taller original en una moderna y dinámica factoría. Actualmente son Joan y Esteve, hijos del matrimonio fundador, quienes impulsan la nueva etapa de la empresa, siempre fieles a sus orígenes, al oficio, la tradición y la atención por el detalle. Unos principios reflejados en las colecciones actuales, donde dialogan lo artesanal y lo moderno, en las cuales la innovación va de la mano de la calidad en los materiales, el diseño y los buenos acabados.

Hoy, los productos de Vergés, desarrollados por figuras relevantes del diseño, se han convertido en un referente para arquitectos e interioristas que buscan colecciones de sillas y mobiliario contemporáneo de alta calidad para la hostelería y espacios públicos.

Además, como apasionados del interiorismo y el diseño, Vergés entiende que cada proyecto es un mundo en sí mismo, de aquí, su capacidad de amoldarse a las necesidades de cada cliente, ofreciéndole la personalización de los acabados de cualquier modelo del catálogo con tejidos de alta calidad y una amplia paleta de materiales y colores.

All started here...

In 1970, Silvestre Vergés and Palmira Picart opened a modest workshop for producing the popular wicker chairs. They helped the Vergés company evolve and strengthen its position in the market while always remaining faithful to its roots, the values of local work and artisan tradition. Today, more than 50 years later, their children Joan and Esteve are overseeing the company's new era with enthusiasm and energy.

Palmira

En 1970 Silvestre Vergés y Palmira Picart abrieron un modesto taller para fabricar las populares sillas de boga. Siempre fieles a sus orígenes, a los valores del trabajo local y a la tradición artesana consiguieron que la empresa Vergés evolucionara y afianzara su posición en el mercado. Hoy, más de 50 años después, sus hijos Joan y Esteve lideran con ilusión y energía la nueva etapa de la empresa.

Catalina Collection

Designed by Andreu Carulla

Catalina is an honest, elegant, stackable and very versatile chair. With a minimalist aesthetic, it is inspired by 20th century Catalan rationalist architecture, Catalina is a version of the traditional bulrush seat chair. Its refined lines and intentionally simple geometry give centre stage to materials such as ash wood, rope and leather.

Catalina es una silla honesta, elegante, apilable y muy versátil. Con una estética minimalista, que se inspira en la arquitectura racionalista catalana del siglo XX, Catalina versiona la tradicional silla de asiento de enea. Sus líneas depuradas y una geometría intencionadamente sencilla ceden el protagonismo a los materiales como la madera de fresno, la cuerda y el cuero.

Eolo Collection

Designed by Estudi Manel Molina

Eolo is a very comfortable modular sofa with rounded shapes and smooth lines. Its name refers to Eolo, the mythological god of the winds.

The folding and stitching of its armrests give it personality and character, and make it a sofa with a youthful and casual look, making it suitable for all kinds of communal areas. Its modules allow multiple configurations to adapt to the dynamic situations of contemporary interiors.

Eolo es un sofá modular muy confortable, de formas redondeadas y líneas suaves. Su nombre evoca Eolo, el mitológico dios de los vientos.

El pliegue y la costura de sus apoyabrazos le aportan personalidad y carácter, y lo convierten en un sofá de aspecto joven y desenfadado capaz de amueblar todo tipo de zonas comunes. Sus módulos permiten múltiples configuraciones para adaptarse a situaciones dinámicas de los interiores contemporáneos.
